Operational Security Chauffeurs

This course is designed for security chauffeurs dealing in special operations in executive protection, anti terrorism, surveillance and sensitive missions where extensive knowledge is required.

These topics are listed in a generalized version and are not in chronological order. The list does not include sub topics:

- Principles of operational driving
- Offensive and defensive driving techniques
- Combat shooting from a vehicle
- Emergency driving techniques (all forms)
- Self defense inside and outside a vehicle
- Techniques of neutralizing aggressions to chauffeurs
- Disarming techniques
- Dealing with suicide bombers
- The use of a vehicle as a weapon
- Pre-departure procedures
- Searching and checking procedures of a vehicle
- The security chauffeur in the overall security system
- Security procedures and regulations in foreign countries
- Operational driving after being injured
- Anti kidnapping tactics
- Field territory knowledge
- Selection of operational vehicle for a specific objective

Note: additional training is required for specific security functions in:

- Operational security driving for surveillance and counter surveillance
- Operational security driving for executive protection
- Operational security driving for anti terror
